HomeCU Announces 300th Credit Union Signed During 10 Year Anniversary.

BOISE, ID (October 11th, 2006) – DMS, Inc; After 10 years of credit union home banking HomeCU has announced it has signed Blackhawk Area credit union as their 300th credit union. HomeCU provides batch and live home banking to credit unions with size ranging from 2 million to 125 million in assets. Today, over 350,000 active members access HomeCU's home banking from across the globe.

"Our philosophy is simple for growth; we provide great service to the credit unions so they can better service their members" said Jan Brinkerhoff Vice President.

DMS, Inc. provides HomeCU, the innovative home banking solution developed exclusively for credit unions and proven since 1996. Currently, more than 300 credit unions in 44 states use HomeCU. Full-featured, secure, and cost-effective, HomeCU integrates securely with 20 different data processing systems, 24 check image vendors, and 4 bill pay vendors. Additional information and a live demo are available at www.homecu.com.
